Effective immediately, due to rising transportation costs, LTL flat rate program has been suspended indefinitely. We will reinstate this program when transportation costs stabilize.

This is an Order Confirmation. It does not show shipping charges. A (0) zero cost for UPS/Freight is not an indication of free shipping. You will be sent an Invoice once your order is complete and has shipped. Please pay from that invoice. Ship dates given are based upon current lead times from the manufacturer for stocked items. Please remember that ship times are approximate only and various factors may affect the actual ship date. Non-stock items could require additional time to ship and ESD means Estimated Ship Date. Note that we will charge original freight costs on all FREE FREIGHT orders returned to JCR. Will call orders cancelled after thirty (30) days are subject to restock charges. Returns for Special Order Items are subject to factory/manufacturer terms and may not be cancelable or returnable. Thank you -
